“It doesn't seem like work when you have discovered your passion.”

In a rapidly evolving world, a virtual transformation of how we live, work and play, has forever changed our existence. Every phase and facet of our life has been impacted. Like it or not, one has to adjust to the emerging realities. Education, and thereby learning are no different, perhaps more sensitive to this metamorphosis.

Leaders' Odyssey

School and College

Students of today have a far greater choice of options to pursue – not just Medicine, Engineering, C.S.S. or the Army. There still is a tendency in some Parents to push their offsprings in fields of their own choice, without taking into consideration personal likes or dislikes or the aptitude of the child. Robotics, Data Science, Financial Services/Management, Avionics, Market Analysts, Clinical/Child/Psychologists, Astrophysics, Machine Learning Engineer, Software Developer, AI Engineer, E Commerce, Algorithm Developer, Architecture, Hospitality/Hotel Management, Corporate Law, Media Sciences, Fashion, Education, Well-Being/Nutrition, Psychiatry, Nursing, Health Sciences, Chartered Accountancy – these are just some of the fields with great career potential.

Focused students make sensible academic choices that are aligned with their career preferences. It also helps to have alternatives – a Plan A, B or C. just in case if a change or a switch has to be made. Make your own roadmap to your ultimate objective and goal.

Good Luck!

RECREATIONAL EXCURSIONS!

L.O.S.C.'S senior students enjoyed a wonderful and fun-filled day of recreation. First, Girl Section's tenth graders, along-with the College Section's girls from eleventh and twelfth grades, accompanied by senior staff members, made their way to Quetta Cantt. First stop was a visit to the historic Siri Fort, which also house's a cultural museum. Next, they took a tour of the Quetta Club Library, followed by a sumptuous brunch at the club. Rounding it off was bowling at the Cantt Bowling and Games Arcade. The Girls had a "Whale of A Time." The Ninth and Tenth Graders of Boys Section, plus College-Section boys had their own program at the Cantt. First they were treated to a blockbuster Summer movie – a special showing at the Cineplex, followed by gaming at the arcade, and finally some golfing at the Quetta Club Golf Course, and of course, lunch. And to be left behind, the Ninth Grade Girls enjoyed their own Recreational Day at Cantt.

PTM'S

The College and The Preschool held their respective Parent Teacher Meeting's this past Saturday. The Parents availed this opportunity of discussing with the academic staff members, the progression of their child, concerns, queries and other allied matters. A useful review of matters of mutual interest.

EXAM PROTOCOLS:

- Be punctual; there are no re-tests or extra time allowance for late-comers.
- Bring your own stationery; borrowing during exam proceedings is not allowed.
- External material is allowed in the examination hall.
- Raise your hand if you have any query.
- Communication with fellow candidates prohibited.
- Complete all your details in the relevant spaces before starting the test.
- Review your answer-sheet before exiting.
- Calculators permitted only for Grades VI, VII & VIII.
- Maintain discipline in the exam hall.
- Any student indulging in unfair means will be dealt with as per school rules and policies.
- Water-bottle allowed.
