Leaders' Odyssey  
School and College

It's been a year that has witnessed a systematic, unrelenting, and unfathomable destruction of a whole nation, while the world turns a blind eye to the horrors being perpetrated. Climate change has wreaked havoc in many parts of the World, while applications of AI have, literally, been impacting every facet and walk of life. How we live, work, and play, will forever change our lifestyle, for each one of us.

Leaders' Odyssey  
School and College

It's a time to not to be complacent – rather to be geared up for embracing change, especially for our young, who will be more adept at making the necessary transition to the revolutionary changes shaping our world. It is imperative that Parents shepherd the crucial formative and consequential teen years, and adolescence – of their children, with sensitivity and understanding, with tact and respect. Times have changed!

Stand up and be counted – whether you are a student, parent, teacher, or a mentor, and make tomorrow, meaningful and relevant.

*Here's to a fulfilling finale to the academic year 2024!*
