FROM RESOLUTION TO REVOLUTION

23RD MARCH IN PAKISTAN

March 23rd is not just a date; it is a symbol of vision, determination, and unity. On this day in 1940, our forefathers stood together, defying all odds, and dared to dream of a separate homeland where they could live with freedom, dignity, and justice. The Lahore Resolution was more than just words—it was the foundation of a movement that led to the creation of Pakistan in 1947. The struggle for Pakistan teaches us that no challenge is too great when a nation stands united with faith and determination. Today, as we honor this historic day, let us remind ourselves that the spirit of March 23rd lives within us. Our responsibility is to uphold the ideals of hard work, honesty, and resilience, ensuring that Pakistan continues to thrive and prosper.

May we always stand strong, just as our ancestors did, and work towards a brighter, stronger, and more united Pakistan!

HAIRCUT POLICY FOR BOYS

Dear Parents and Students,

To maintain a neat and disciplined environment, we kindly remind all boys to follow our school's haircut policy. Hair should be kept short, tidy, and neatly trimmed. Hairstyles must be conservative and well-groomed, ensuring a uniform and respectful appearance. We appreciate your cooperation in helping us create a focused and harmonious learning atmosphere.

Thank you for your support.

PUNCTUALITY AND ATTENDANCE

Imagine your school day as a race where every minute counts. Punctuality is your secret boost! Being on time unlocks the full potential of your lessons and inspires creative thinking from the very first bell. Let's embrace the power of being punctual and make every second count on our journey to success.

PARENTS SIGNATURE IN DIARY

Your signature on your child's diary is essential for keeping the communication channel open between home and school. It not only confirms that you've reviewed the day's updates but also strengthens our partnership in supporting your child's education. Thank you for your cooperation!

HEALTHY HABITS AND PERSONAL HYGIENE

A healthy school is a happy school! Let's boost our well-being by embracing simple yet powerful habits, regular hand washing, keeping our spaces tidy, and caring for our bodies. Every small action helps us build a safe, vibrant, and creative learning environment. Together, we can make healthy habits a part of our daily success.

IQ/ EQ/ SQ

At our school, we believe in nurturing a well-rounded development that goes beyond academics. We encourage the growth of IQ, which sharpens our problem-solving and critical thinking skills; EQ, which helps us understand and manage our emotions while building empathy; and SQ, which fosters strong social skills and the ability to connect with others. By embracing all three dimensions, we empower our students to excel not only in their studies but also in life. Let's celebrate and cultivate the diverse strengths that each student brings to our community.

INNOVATE AGAINST INTIMIDATION: BUILDING A RESPECTFUL COMMUNITY

Imagine our school as a vibrant community garden where each of you is a unique and brilliant flower. Bullying and fighting are like weeds that can choke the beauty of our garden, hindering growth and joy. Instead of letting negativity take root, let's nurture our school with acts of kindness, respect, and understanding. Every time you choose empathy over conflict; you help create a safe and inclusive space where everyone can thrive. Be the creative force that diffuses tension and spreads positive energy. Your words and actions have the power to transform our community into a garden where all flowers bloom together in harmony.

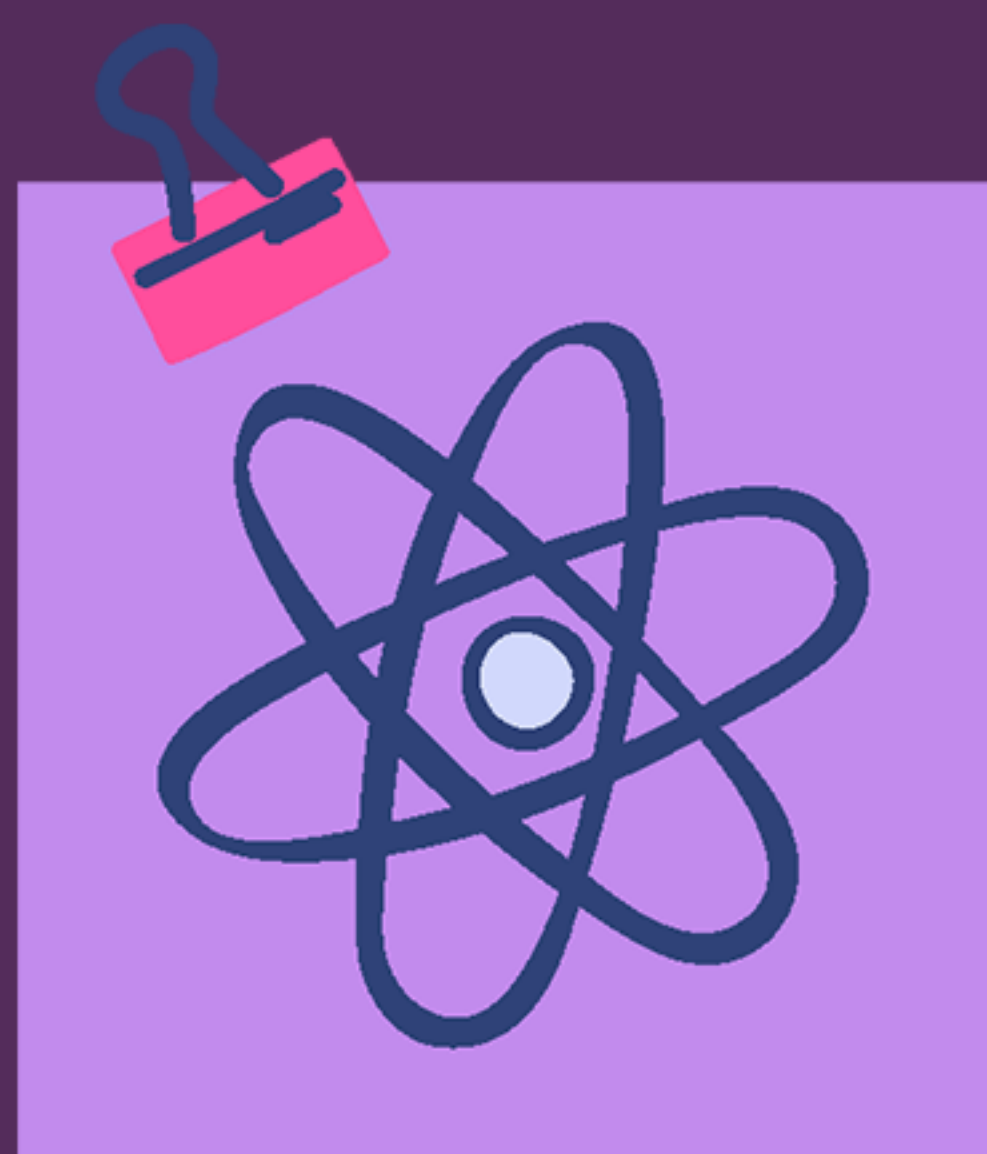

HOMework **SCHEDULE**

At our school, we're turning homework into a launchpad for creativity and effective time management. Our new homework schedule isn't just about deadlines, it's a tool that helps students design their own learning journeys, balancing studies, play, and personal exploration. By organizing tasks in a structured yet flexible way, students can build habits that nurture both academic success and well-being. Let's work together to transform homework time into a space for growth, innovation, and confidence.
