# FOOD FOR THOUGHT

In a world often shaken by uncertainty, fear, and violence, education stands as the strongest pillar of hope. It teaches us to replace hatred with understanding, ignorance with knowledge, and fear with empathy. Where weapons divide, education unites. Where terror destroys, education rebuilds.

School is not just a building made of bricks and walls, it's a sanctuary of dreams, where minds are nurtured, and futures are shaped. Education is the most powerful weapon we can use to change the world, for it does not merely fill the mind with facts, but ignites the soul with purpose.

# Student **Assessment** Policy

At (LOSC), student assessment is carried out in a balanced manner, covering both academic performance and behavioural conduct.

- Academically, students are evaluated through classwork, homework, tests, projects, and participation. Regular assessments help track progress and encourage continuous improvement.
- 
- Behaviourally, punctuality, discipline, respect, and attitude are observed and noted as part of overall development. Both areas are equally important and contribute to the student's final evaluation, in line with the school's standards and expectations.
