NOSTALGIA:

A WARM FEELING FROM THE PAST

Have you ever listened to an old song, smelled something yummy, or looked at an old photo and suddenly remembered a happy time from long ago? That warm, fuzzy feeling is called nostalgia. It's like your heart taking a little trip back in time to relive a special moment. Maybe it's remembering a birthday party, your first day at school, or a fun trip with your family. Nostalgia helps us hold on to the things that made us smile, even if they happened a long time ago.

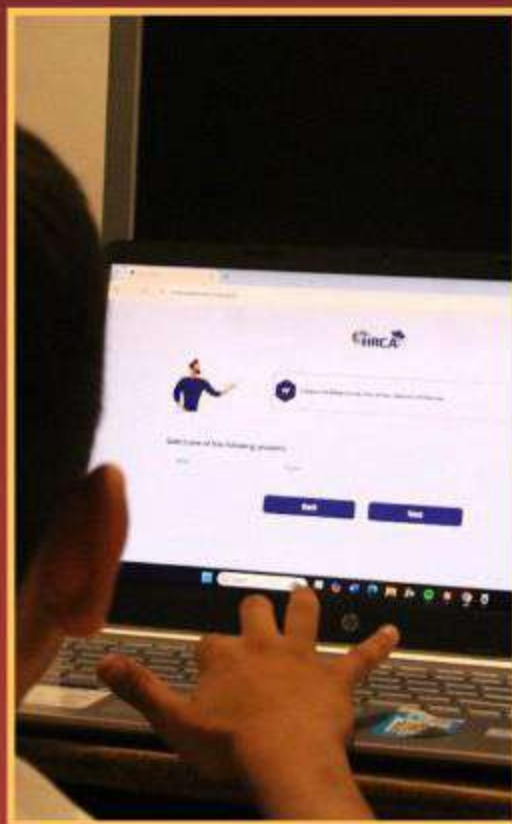

Sometimes, nostalgia feels a little bit happy and a little bit sad at the same time. You might miss those good times, but you're also glad they happened. Grown ups feel nostalgic when they talk about the games they played as kids or their favorite cartoons. You'll feel it too as you grow up your memories become treasures you carry in your heart. And the best part? You're making those special memories right now!

19TH JUNE 2025 - 4TH EVENT OF THE LOGIC MASTER TOURNAMENT (LMT): MATHEMATICS COMPETITION

We are pleased to announce that the 4th event of the Logic Master Tournament (LMT) will take place on 19th June 2025. This event will feature an exciting Mathematics Competition, designed to challenge and inspire young minds through logic, problem-solving, and numerical reasoning.

Participants will have the opportunity to showcase their mathematical skills in a competitive yet encouraging environment. The competition aims to foster analytical thinking, boost confidence, and promote a deeper interest in mathematics among students. We look forward to a day of learning, enthusiasm, and excellence.

NURTURING YOUNG MINDS: PRINCIPAL'S DIALOGUE WITH PRE-SCHOOL MOTHERS

We would like to invite all Pre-School Mothers to attend a special session with the Principal, scheduled from 23rd to 27th June. This session is designed to build a stronger connection between home and school, and to support the educational journey of our youngest learners.

During the session, the Principal will share insights on early childhood development, classroom activities, and ways parents can support learning at home. Your presence and participation will be greatly valued as we work together to ensure the best start for your child's education.

ATTENDANCE MATTERS: UPHOLDING THE SAP STANDARDS

As part of our commitment to academic excellence, the Student Assessment Policy (SAP) emphasizes the importance of consistent participation in all assessments and school activities. To ensure accurate evaluation and meaningful academic progress, a minimum of 85% attendance is mandatory for all students.

Regular attendance not only supports effective learning but also ensures that students are well-prepared for assessments and actively engaged in the classroom environment. Students falling below the required attendance threshold may not be eligible for full academic credit or participation in certain evaluations, as per the policy guidelines.

We request all parents to ensure their children attend school regularly and avoid unnecessary absences. Your cooperation is essential in helping us maintain high educational standards and support your child's overall development.

DENTAL CARE ACTIVITIES (PRE-SCHOOL)

17TH JUNE TO 19TH JUNE

A series of engaging and educational dental care activities has been planned for our pre-school students, taking place from 17th June to 19th June. These activities are designed to introduce children to the importance of oral hygiene in a fun and age-appropriate way.

Students will take part in interactive sessions such as story time, brushing demonstrations, creative art projects, and simple dental care tips. These hands-on experiences aim to encourage healthy habits and foster a positive attitude toward dental hygiene.

WE LOOK FORWARD TO SEEING OUR LITTLE LEARNERS ENJOY AND BENEFIT FROM THIS MEANINGFUL LEARNING EXPERIENCE.

COLLEGE REGULAR CLASSES COMMENCEMENT

We would like to inform all students that regular college classes have officially commenced. It is important for all students to attend punctually and consistently to ensure academic progress and active participation in classroom activities.

We look forward to a productive and engaging academic session ahead.

SHABAB AL-BURHAN

A TRANSFORMATIONAL WEEKEND PROGRAM FOR MATRIC BOYS

We encourage interested students of Matric classes (boys only) to explore Shabab Al-Burhan, a unique 6-month life training course designed to nurture personal growth through a balance of physical, mental, and spiritual development. This well-recognized program is already a success in Islamabad and several other cities.

The program takes place only on weekends (Saturday and Sunday, 6:00–9:30 AM) in an outdoor park environment. It includes one-on-one mentorship, real-life skill-building activities, character development based on Islamic values, and exciting experiences such as hiking, swimming, team games, and more.
