BUILDING STRONGER CONNECTIONS:

SAP INTERPERSONAL & COMMUNICATION SKILLS

At our school, we believe that education is more than just textbooks and exams, it's about preparing students for life. This week, our focus has been on developing the interpersonal and communication skills of our students under the SAP (Student Assessment Policy) initiative. Activities and classroom discussions encouraged students to express themselves confidently, listen actively, and work collaboratively with peers.

Teachers incorporated role plays, dialogue-building exercises, and storytelling methods to make the learning fun and relatable. These exercises not only improved verbal skills but also nurtured empathy and understanding among students skills essential for leadership and teamwork.

We encourage parents to continue these efforts at home by engaging in meaningful conversations with their children and motivating them to express their ideas clearly and respectfully. As we strengthen communication within our classrooms, we are also building a more thoughtful and emotionally intelligent generation.

HEALTH IS WEALTH: A HAPPY AND HEALTHY SCHOOL

We're proud to see our students embracing a healthier lifestyle this summer! Our recent health checks and wellness sessions ensured that every child is active, alert, and maintaining positive habits. The staff has been vigilant in monitoring hydration, personal hygiene, and sun safety during school hours, especially in this intense heat.

We've also taken small but impactful steps like increasing access to clean drinking water, giving regular reminders for hand washing, and encouraging healthy tiffin options. Students are responding positively they're staying hydrated, looking fresher, and maintaining high energy levels throughout the day.

Parents, your support has been phenomenal in maintaining this momentum. Let's keep it going together! A healthy child is not only physically fit but also emotionally balanced and ready to learn with joy.

SUMMER VIBES, PROPER STYLE:

UNIFORM & GROOMING REMINDER

With summer at its peak, we kindly remind all parents and students about the importance of wearing the proper summer uniform and maintaining neat grooming, including appropriate haircuts. This not only reflects discipline but also helps students stay cool, clean, and confident.

We've noticed that when children wear their uniforms with pride and maintain a fresh appearance, they carry a greater sense of responsibility and school spirit. Let's ensure that shirts are tucked in, shoes are polished, and hair is tidy and trimmed according to school guidelines. It's not about strictness it's about instilling respect for oneself and for the school community.

Thank you to the many students who come to school each day looking smart and ready to learn. Let's continue this standard across all classes and help each child understand the importance of personal presentation in life.

SAFETY FIRST, ALWAYS:

UPCOMING EMERGENCY DRILLS & AWARENESS

Your child's safety is our top priority. In the coming weeks, we will be conducting essential safety and protection sessions, including first aid basics, emergency drills, and situational awareness for all students and staff. These are crucial skills that empower children to remain calm and act wisely in unexpected situations.

Our trained instructors and teachers will guide students through fire drills, earthquake responses, and evacuation routes, making sure every child knows exactly what to do in case of an emergency. First aid demonstrations will also be included for older students, equipping them with the confidence to help themselves or others if needed.

We request your cooperation by discussing these topics at home and reinforcing the importance of safety without causing fear. Together, we can ensure that every child feels secure, aware, and prepared because awareness today builds resilience for tomorrow.

SPLASH & SMILE:

WATER PLAY SUCCESS AND PRIMARY'S TURN!

Our preschoolers had an unforgettable time during their Water Play and Ice Cream Day, the laughter and joy are still echoing in our hallways! The event not only gave them a well-deserved break from the heat but also helped develop motor skills, confidence, and social bonding in a playful and supervised environment. The feedback we received from parents was overwhelmingly positive thank you for your kind words and support!

Now it's time for our Primary section to enjoy the fun! We are planning a similar experience for our older students with age-appropriate games and activities. This will give them a chance to unwind, beat the heat, and make lasting memories with their classmates. More details will be shared with students and parents in the coming week.

We're committed to ensuring that these events are joyful, safe, and enriching. Let's celebrate this summer together in the coolest way possible through play, laughter, and community.

MARK YOUR CALENDARS: SUMMER BREAK DATES ANNOUNCED

Summer vacation is almost here! The school will remain **closed** from **21st JULY TO 1st AUGUST**, giving our students and teachers a much-needed break to recharge, reconnect with family, and enjoy the season. Regular classes will resume from **MONDAY 4TH AUGUST**, InshaAllah, with full energy and excitement.

We advise students to use this time not just for relaxation but also for reflection and gentle learning. Reading a good book, helping around the house, or exploring a hobby can go a long way in keeping minds active and creative during the break.

Parents, your involvement in setting a balanced holiday routine will make all the difference. Let's work together to ensure that the children return after the break with fresh minds, positive energy, and big smiles.

OUR STAR SHINES BRIGHT:

AIMAN FATIMA'S OUTSTANDING ACHIEVEMENT

We are thrilled to share an inspiring story from one of our very own! Aiman Fatima, our dedicated college student, has made us immensely proud. As part of her continuous efforts for personal and academic growth, she enrolled in the DTAN (Digital Talent and Networking) course a competitive program aimed at developing youth potential in Balochistan.

Out of over 60,000 students across the province, Aiman was shortlisted in the top 200 and then went on to secure a place in the Top 20, winning a laptop for her outstanding performance! This achievement not only highlights her hard work but also reflects the quality of students that our institution nurtures.

Aiman's success is a powerful reminder that talent, when paired with discipline and dedication, can break barriers. We hope her story inspires our current students to dream big and pursue every opportunity with passion and commitment. Congratulations, Aiman you are a role model for many!
