MR. IRFAN HAIDER SESSION

WITH CLASS 10TH BOYS – FEEDBACK

This week, Mr. Irfan conducted a special session with the **10th-grade** boys focusing on discipline, academic dedication, and personal growth. The students appreciated the interactive style of the session, where they were encouraged to ask questions and share their own challenges. Many boys expressed that the advice on balancing studies with extracurricular activities was particularly useful.

EXAMINATION REMINDER

As the examination season approaches, we remind all students to maintain discipline and follow the school's guidelines carefully. Students must come prepared with their necessary materials, reach school on time, and ensure that they approach the exams with focus and responsibility.

SCHOOL TIMING DURING EXAMS:

| CLASSES | TIMING |
|---------------------------------------|----------------------------|
| Pre-Nursery, Nursery and Kindergarten | 09:00 a.m. till 12:30 p.m. |
| Grade I - IX | 08:30 a.m. till 12:00 p.m. |
| Grade X, XI and XII | Regular School Hours |

EXAMINATION RULES

During exams, strict adherence to rules and regulations will be expected. Students must bring their admit cards, required stationery, and other permitted materials with them. Borrowing items during the exam will not be allowed to ensure fairness and order.

Any form of unfair means or misconduct will result in immediate disciplinary action, which could include cancellation of the paper. We request students to respect the sanctity of examinations and focus on their own performance with honesty and dedication.

SAP MANNERS & COURTESY

Our Student Assistance Program (SAP) emphasizes the importance of manners and courtesy in daily interactions. Politeness, respect for elders, and kindness towards peers form the foundation of good character. Teachers have observed that students who practice courtesy tend to create a more positive classroom environment.

We encourage all students to use greetings, polite language, and respectful behavior both inside and outside the classroom. SAP will continue reinforcing these values through short reminders and activities, helping students grow into respectful and responsible citizens.

FEE SUBMISSION POLICY

Parents are reminded that timely fee submission is necessary for the smooth running of school operations. All dues should be cleared by the 10th of every month unless otherwise communicated. This ensures that academic and extracurricular activities continue without disruption.

Late submissions will result in fines as per the school's policy, and repeated delays may affect a student's participation in examinations and school events. We request parents to cooperate fully in maintaining this policy, which benefits both the institution and the students.

STEAM INTRODUCTION & ITS 15 DOMAINS

We are excited to introduce STEAM (Science, Technology, Engineering, Arts, and Mathematics) education at our school. This program aims to provide students with hands-on, inquiry-based learning that connects classroom knowledge with real-world problem-solving. Through STEAM, students will explore creativity alongside scientific thinking, preparing them for future innovation.

STEAM education is divided into 15 domains which include robotics, artificial intelligence, coding, 3D printing, design thinking, renewable energy, electronics, space science, biomedical engineering, digital media, environmental science, mechanical systems, architecture, chemistry innovation, and mathematics applications. These domains will be gradually introduced in the school to inspire curiosity and innovation among students.
