WINTER UNIFORM.

MEDIUM OF ENGLISH LANGUAGE.

IMPORTANCE OF 21ST CENTURY SKILLS.

FEE VOUCHERS & FEE POLICY.

## **PUNCTUALITY & REGULARITY (SAP AREAS)**

We would like to remind all parents that punctuality and regular attendance are key components of a child's academic and personal development. Arriving on time ensures that students begin their day with focus, confidence, and a smooth transition into classroom activities. Late arrivals not only disrupt the learning environment but also affect the child's ability to perform consistently in SAP areas.

We request parents to ensure that students attend school regularly unless there is an unavoidable circumstance. Consistency in attendance helps students stay connected to the curriculum, maintain discipline, and build strong study habits. Your cooperation plays a major role in fostering responsibility and reliability in our learners.

## **FEEDBACK: PRE-CAMPUS OUTDOOR FUN TIME**

We truly appreciate the feedback received from parents regarding the pre-campus outdoor fun sessions. These activities were designed to offer students a refreshing break from routine classroom learning while promoting physical activity and social interaction. Your positive response encourages us to continue creating such engaging opportunities.

We also value constructive suggestions shared by parents and will incorporate them to further improve upcoming sessions. Enhancing child-led play, hygiene monitoring, and safety supervision remain our priority to ensure every student enjoys a secure and fulfilling experience outside the classroom.

## **MEDIUM OF ENGLISH LANGUAGE**

We would like to reaffirm that English remains the primary medium of instruction across all campuses. Maintaining strong English communication skills enables students to access higher academic standards and global opportunities. Teachers continue to integrate spoken, written, and listening activities to strengthen proficiency.

Parents are encouraged to reinforce this practice at home by motivating children to read, speak, and express themselves in English whenever possible. A consistent home-school partnership can significantly enhance language development.

# IMPORTANCE OF 21ST CENTURY SKILLS

In today's fast-evolving world, academic excellence alone is not sufficient. We are committed to equipping our students with 21st century skills such as critical thinking, creativity, collaboration, communication, and digital literacy. These competencies prepare students to become future-ready, responsible citizens.

Our curriculum and co-curricular programs are carefully designed to nurture problem-solving abilities and adaptability. Parents' support in encouraging independent thinking and curiosity will further strengthen these efforts.

## **RESULTS ON SCHOOL APP (THIS WEEK)**

Student results will be uploaded to the School App within this week. Parents are requested to log in using their registered credentials to review their respective child's performance. The digital format allows easy and secure access to academic records at your convenience. If you face any issues accessing the app or viewing results, the school's IT and administrative support teams will be available to assist. We encourage all parents to review the feedback provided by teachers and discuss progress with their children.

## WINTER UNIFORM

As temperatures begin to drop, all students are expected to switch to the prescribed winter uniform. The uniform guidelines ensure a neat, unified appearance while prioritizing student comfort during colder weather. Parents are requested to ensure proper fitting and adherence to the school's dress code.

**Important:** The winter uniform will be applicable starting from 15 October 2025.

## NEW ADMISSIONS SESSION 2026.

The admission registration for the academic session 2026 has officially commenced from 1st October 2025 (only for siblings) We invite parents to share this information with interested families and relatives who wish to enroll their children in a structured, high-quality learning environment. Early registration will allow us to plan classes efficiently and accommodate new students smoothly.

Our admissions team is available to answer queries regarding eligibility, documentation, and assessment procedures. Facility tours and orientation sessions may also be arranged upon request.

## **FEEDBACK: GIRLS' CAMPUS EXPOSURE TO DHA ACTIVITIES**

The recent outdoor exposure for our girls' campus, featuring activities like ziplining, rock climbing, and bowling at DHA, has received an overwhelmingly positive response. These experiences aim to build confidence, teamwork, and resilience among students while encouraging them to step beyond their comfort zones.

Parents who shared feedback have expressed delight at the exposure their daughters received in a safe and supervised environment. We will continue organizing such skill-based excursions, ensuring all safety protocols and educational objectives are met to create meaningful memories and long-term personal growth.

## **HOMEWORK POLICY (ALREADY SHARED)**

The homework policy previously shared with parents remains in effect and continues to support student learning beyond the classroom. We encourage parents to revisit the policy and ensure that their children complete assigned work with regularity and focus. Homework is designed to reinforce concepts, develop independence, and improve time management skills.

## ★ STUDENTS' OUTDOOR GAMES & ACTIVITIES (UPCOMING WEEKS) ★

We are pleased to inform you that a series of outdoor games and activities have been scheduled for the upcoming weeks. These programs are planned to enhance physical health, teamwork, and coordination among students. Participation in such activities helps children build confidence and enjoy a balanced school experience.

Schedules and any necessary instructions will be shared in advance so parents can prepare accordingly. Our staff will ensure that all events are conducted safely, with proper supervision, hydration breaks, and consideration for weather conditions.
