ACHIEVEMENTS & MILESTONES OF THE MONTH

This month has been a moment of pride and celebration for the entire Leaders Odyssey family. Our students once again proved that consistent effort, discipline, and determination are the true keys to excellence. Their performance reflected not just academic strength but the confidence and exposure that our institution aims to build in every learner.

A dedicated team of students represented us at BUIITEMS, showcasing leadership, public speaking, and creativity. Their participation alone highlighted the capacity of our institution to prepare students for higher-level platforms. Even more proudly, two talented girls from our Girls Section were selected for a National Competition, marking a major milestone for the school and carving a path of inspiration for many others.

These achievements echo something very important: our students are not just learning—they are evolving, stepping into bigger arenas, and proving their abilities with grace. As this academic session comes to a close, we celebrate their victories while preparing them for even greater heights.

SCHOOL EXAMS NEARING COMPLETION

The final examinations for the academic session are now in their concluding phase. Students have shown commendable responsibility by revising regularly and maintaining strong attendance throughout the exam schedule. We extend heartfelt appreciation to the parents who ensured a disciplined study environment at home.

Teachers have been working tirelessly to finalize assessments with fairness, transparency, and accuracy. Each paper is reviewed with great care so that grades truly reflect students' understanding and effort throughout the year. This ensures that assessments stay aligned with our Student Assessment Policy (SAP).

As exams wrap up, we urge students to stay focused, revise their final papers well, and avoid stress. A balanced mind and a confident approach always lead to better results.

FEE SUBMISSION – MANDATORY ON TIME

We remind all parents that timely fee submission is essential for smooth academic operations. It allows us to maintain quality resources, staff support, and classroom facilities without disruption. Delays in fee payment directly impact institutional processes, particularly during end-of-session tasks such as result compilation.

Parents are requested to ensure that dues are cleared promptly before result week. Only students with no outstanding dues will be eligible to receive their result cards and allocations for the new session. Compliance with deadlines reflects not only responsibility but also strengthens the partnership between school and home.

We truly appreciate the cooperation shown by most parents throughout the year and hope to maintain the same coordination in the coming session.

RESULT DAY – 19TH DECEMBER

(9:30 AM – 2:00 PM)

Result Day for the academic session 2025 will be held on 19th December between 9:30 AM to 2:00 PM. Parents are requested to visit the campus within these timings to collect their child's result card and meet the teachers for academic feedback.

This day holds special importance as it reflects the year-long effort of students and teachers. Parents will also receive important updates regarding promotions, class placements, and recommendations for improvement. It is crucial to attend this meeting, as it helps families understand how to support their child better in the next academic session.

We look forward to
welcoming you all with
pride and positivity as we
wrap up another
successful academic year.

REGULAR CLASSES FOR IX–XII TILL 24TH DECEMBER

Classes for Grades IX to XII will continue regularly until 24th December. Students are required to maintain 100% attendance, as essential course content will be completed during these weeks. These classes are especially important for board classes, whose curriculum remains intensive and time bound.

Teachers will be covering new concepts, revision materials, and exam-oriented exercises to prepare students thoroughly for board examinations. Missing classes at this stage may result in academic gaps that become difficult to cover later.

We request parents to ensure punctuality, proper discipline, and continuous learning during this period.

VENDORS FOR SESSION 2026 – BOOK CITY & UNIFORM GALLERY

For the convenience of our parents, we have partnered with Book City for textbooks and Uniform Gallery for uniforms for the 2026 academic session. Both vendors will provide high-quality materials aligned with the school's updated curriculum and dress code.

Parents are advised to visit these vendors well in advance to avoid any inconvenience. Ensuring timely purchase of books and uniforms helps students begin the new term fully prepared, with no delays in learning. Vendor details and price lists will be available at the campus and official WhatsApp groups.

We remain committed to maintaining uniformity, discipline, and quality through standardized school supplies.

Winter Vacation – Reading & Speaking Tips

Winter vacations are an excellent opportunity for students to strengthen their reading and speaking skills. We encourage students to read short stories, articles, and age-appropriate books daily for at least 20 minutes. Reading improves vocabulary, comprehension, and overall academic performance.

Parents may also motivate children to communicate in English or Urdu fluently at home. Speaking regularly builds confidence, clarity, and expression. Simple activities like family discussions, storytelling, or watching educational content can greatly enhance language skills.

These small habits, if maintained during the vacation, can give students a strong head start for the upcoming session.

Special Thanks to Parents – Our Strong Support System

We extend heartfelt gratitude to all parents for their unwavering cooperation, continuous support, and trust in Leaders Odyssey School System. Your involvement throughout the year—whether in academics, discipline, or school activities—has played a major role in shaping your child's growth.

Education is a partnership, and your dedication has consistently strengthened that bond. Together, we have worked to build not only well-educated students but also confident and responsible individuals. The achievements of this year are a reflection of your support as much as our efforts.

As we step into the new academic session, we look forward to nurturing this collaboration with even greater commitment.

PAPER/RESULT RECHECKING – MONDAY, 22ND DECEMBER ONLY

Parents who wish to apply for paper rechecking or result review may do so on Monday, 22nd December only. This is the official and only designated day, as results must be finalized before academic files close for the year.

All rechecking requests must be submitted through the proper procedure at the campus. Teachers will review the papers carefully and provide transparency in marking and evaluation. We encourage parents to submit their concerns respectfully and within the allotted timeframe.

No requests will be entertained after the mentioned date due to system deadlines.

NEW ACADEMIC SESSION STARTS – 2ND MARCH 2026

The new academic session 2026 will begin on 2nd March, 2026. Students are expected to return fresh, motivated, and prepared for a year filled with new learning, programs, and innovative experiences.

The upcoming academic year includes several upgraded initiatives and academic enhancements. Timetables, booklists, and orientation details will be shared closer to the session start. Parents are advised to complete all preparations before the reopening date to ensure a smooth beginning.

We pray that the new session brings growth, discipline, and success for all our students, InshaAllah.

JUNIPER VOX SUMMIT AT BUIITEMS OUR STUDENTS' OUTSTANDING VICTORY

The Juniper Vox Summit, a prestigious three-day conference at BUIITEMS modeled on the principles of a Model United Nations (MUN), provided a dynamic and intellectually rich platform for our students. Participants engaged in intense debates, policy-building sessions, and global discussions, gaining exposure and confidence along the way.

Our delegation from Leaders Odyssey performed remarkably throughout the summit. Their commitment, communication skills, and research depth were evident in every committee session. Students from our College, Boys Campus, and Girls Campus represented the institution with maturity and excellence.

The participants included:

- Hamdan Zehri & Yazdan Khan – College
- Syed Arham Salman, Muhammad Khizer & Arzam Rana – Boys Campus (Grade 10)
- Amna Mengal, Marium Mengal & Minahil Zahra – Girls Campus (Grade 10 & 9)

Their achievements speak volumes:

- Syed Arham Salman (Delegate of Palestine, Global Politics & Conflict) displayed exceptional diplomacy and debating power, securing the Best Delegate Award (BD).
- Hamdan Zehri (Barrister Gohar Ali, Pakistan Parliament Committee) showcased intellect and sharp parliamentary skills, winning Best Delegate (BD).
- Muhammad Khizer (Delegate of Canada, Global Politics & Conflict) earned a Special Mention (SM) for his impressive arguments and performance.

While not all students won awards, every participant demonstrated outstanding capability and gained valuable skills. Their exposure, teamwork, and confidence reflect the high standard of grooming provided by our institution.

PROJECT SPOTLIGHT: VIORA – A BREAKTHROUGH IN LANGUAGE LEARNING

We are proud to introduce Viora, an advanced multilingual interactive AI assistant designed to make language learning accessible, intuitive, and engaging for students. Viora enables learners to practice multiple languages through real-time conversation, adaptive guidance, and personalized learning pathways.

This innovative project has been fully conceptualized and engineered by Varisha Ali, whose technical skills built the core system of Viora. She was supported by Zahra Noor, who contributed to presentation design, refinement, and overall project enhancement. Together, they have set an impressive example of creativity, problem-solving, and futuristic thinking.

Viora marks a major step forward in integrating technology with education at Leaders Odyssey. It stands as proof that our students can compete in global innovation and are prepared for the digital future ahead.

A Warm Goodbye to the Year

As we conclude the academic session 2025, we thank all students, teachers, and parents for a year filled with dedication, collaboration, and growth. Each achievement—big or small—has contributed to the strong foundation of our school community.

We will meet again next year with new hopes, new ideas, and renewed commitment, InshaAllah.

Until then, we wish everyone a peaceful winter break and a beautiful end to the year.

SCHOOL ADMISSIONS 2026

Admissions for the academic session 2026 have officially begun. We encourage all parents to begin the admission process early to secure their child's enrollment before seats fill, especially in highdemand classes. Early registration also allows families to complete documentation and screening smoothly without any last-minute delays.

Our admission policy for 2026 continues to emphasize holistic development, discipline, academic excellence, and strong moral values. We aim to welcome new learners who are motivated, curious, and prepared for a progressive environment. Parents of existing students who wish to enroll siblings are strongly advised to proceed at the earliest.

With continuous upgrades in curriculum, enhanced classroom methodologies, and new programs planned for the coming year, the 2026 session promises a stronger, more refined learning journey for every student.
