LUMS FILM FESTIVAL OPPORTUNITY FOR SENIOR STUDENTS

LUMS is inviting senior students interested in filmmaking, art, and storytelling to explore an opportunity connected with its film festival. The invitation offers students with creative interests a chance to consider how they can express their ideas through visual storytelling and artistic work.

Students interested in participating or learning more about this opportunity may contact Mrs. Fareeha for further guidance. Those with an interest in film, creative expression, or storytelling are encouraged to enquire and explore the possibilities available to them.

BUILDING BETTER HABITS THROUGH REGULARITY AND TIME MANAGEMENT

Regularity and punctuality are important aspects of a student's personal development. Under the Student Assessment Policy (SAP), students are encouraged to attend school consistently, arrive on time, and develop a responsible attitude towards their daily routines.

Time management helps students balance classroom learning, homework, activities, and personal responsibilities. These habits may seem small at first, but they gradually build the discipline and independence students need for academic success and everyday life.

FINAL TERM PREPARATION BEGINS

The syllabus for the final-term examinations has already been shared with students. They are encouraged to begin revising their subjects regularly rather than leaving their preparation until the last few days.

The date sheet will be shared this week, allowing students and parents to plan their revision schedules accordingly. A steady study routine, timely completion of assigned work, and regular practice can help students approach their examinations with greater confidence.

LEARNING BEYOND THE CLASSROOM: COLLEGE SECTION FIELD TRIP

The College Section recently enjoyed a field trip that included hiking and a visit to a park. The outing offered students an opportunity to step outside their usual learning environment, spend time in nature, and enjoy a refreshing break from their academic routines.

Activities like these also encourage social interaction, teamwork, and personal responsibility. The experience provided students with a chance to strengthen friendships, appreciate the outdoors, and create lasting memories beyond the classroom.

KEEPING THE SPIRIT OF SPORTS ALIVE INDOORS

Indoor sports activities are currently underway across the school. These activities give students an opportunity to stay active, enjoy friendly competition, and participate in games that encourage cooperation and sportsmanship.

Sports play an important role in school life by helping students develop patience, focus, and respect for others. Through participation, students learn that playing fairly, supporting teammates, and accepting outcomes graciously are just as important as winning.

ADMISSIONS FOR 2027: A NEW ACADEMIC JOURNEY

Admissions for the 2027 academic session will begin on 15 October 2026. Families interested in joining the Leaders' Odyssey School community are encouraged to enquire early, as seats are limited.

Priority consideration for siblings is particularly important for families planning ahead. Parents are advised to contact the school administration for information about admissions, seat availability, and the relevant procedures.

WINTER UNIFORM AVAILABILITY

The winter uniform will be available from 15 October 2026. Parents are requested to make the necessary arrangements to ensure that students are prepared for the seasonal change and comply with the school's uniform requirements.

Maintaining the prescribed uniform is part of the Student Assessment Policy and helps promote neatness, consistency, and a sense of belonging among students. Families are encouraged to arrange the winter uniform in good time.

THE FINAL PARENT-TEACHER MEETING OF 2026

The final Parent-Teacher Meeting (PTM) of 2026 will take place later this month. The meeting will provide parents and teachers with an opportunity to discuss students' academic progress, classroom participation, and areas that may require further attention.

A strong partnership between home and school helps students receive consistent guidance and support. Parents are encouraged to take this opportunity to share their observations, discuss concerns, and work with teachers towards their children's continued development. Further details regarding the date and arrangements will be shared by the school.

AI AL BURHAN SESSION: LEARNING AND GROWING TOGETHER

The AI Al Burhan session with teachers provided an opportunity to engage with ideas and developments relevant to education. Professional sessions of this kind encourage teachers to exchange perspectives, explore new approaches, and reflect on how learning can continue to improve.

As education evolves, teachers need opportunities to strengthen their knowledge and adapt to changing classroom needs. Continued professional development supports thoughtful teaching practices and helps schools create more meaningful learning experiences for students.

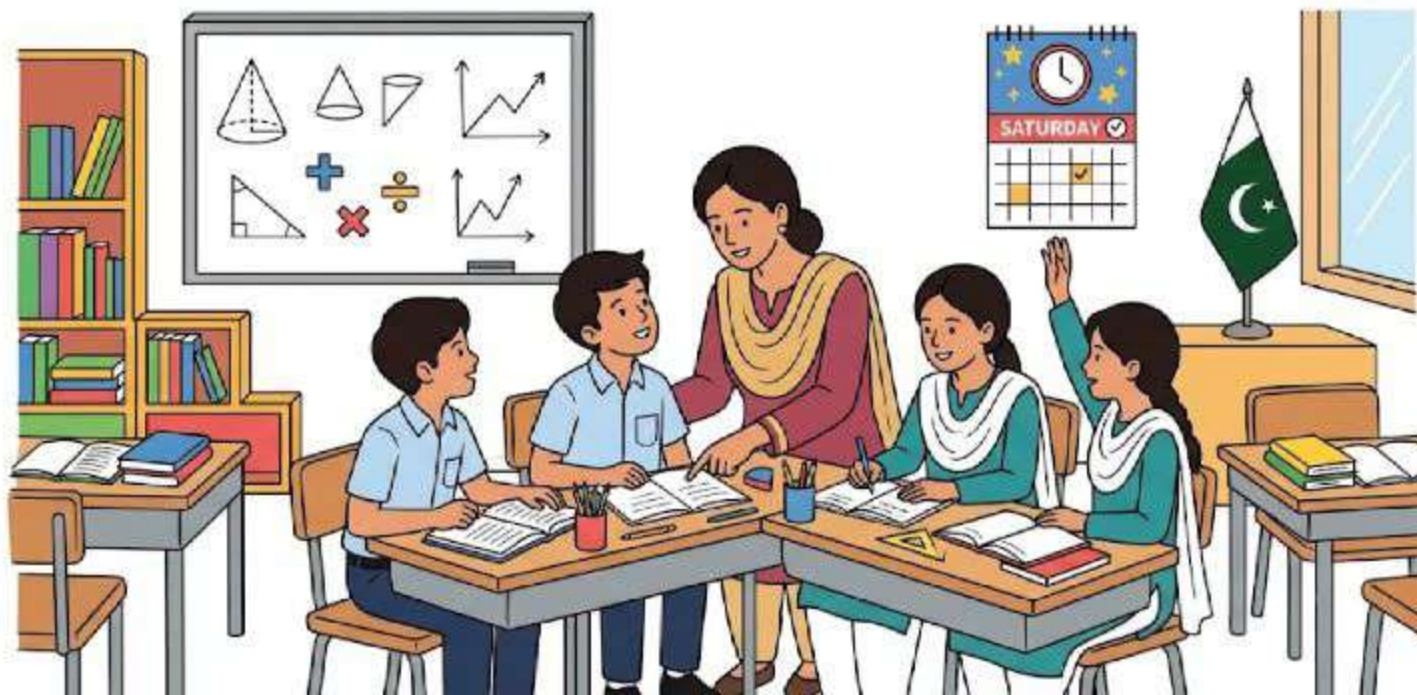

SATURDAY REMEDIAL CLASSES FOR STRONGER LEARNING

Saturdays have been designated for extra classes and remedial support across all sections. These classes are intended to give students additional time to revisit concepts, practise challenging topics, and strengthen areas where they need further guidance.

Remedial learning is not simply about catching up; it is about helping every student develop a clearer understanding of the subject matter at a manageable pace. Regular attendance, active participation, and consistent effort will help students make the most of this additional support.

Parents are encouraged to support their children's participation and ensure they attend according to the school's instructions.

CELEBRATING TEACHERS AT THE BALOCHISTAN REFORMS SOCIAL NETWORK AWARDS

The Balochistan Reforms Social Network Best Teacher Awards Ceremony recognises teachers whose work contributes to students' learning and development. We are pleased to acknowledge Ms. Shabana Ali, Ms. Tehmeena Anwaar, and Ms. Najeeba Qamber in connection with this occasion.

Teachers make a lasting difference through their commitment, guidance, and daily efforts in the classroom. Recognition of their work serves as a reminder of the important role educators play in shaping confident, capable, and responsible young people.
