ADMISSIONS 2027:
A NEW JOURNEY BEGINS

Admissions for the 2027 academic session are underway. We welcome families looking for an educational environment that supports academic achievement, personal development and practical learning.

Parents interested in enrolling their children are encouraged to contact the school administration for information about the admission process, available seats and relevant requirements. We look forward to welcoming new students and families to our school community.

BOYS CAMPUS: SPORTS, ENERGY AND TEAM SPIRIT

Sports activities continue across the Primary and Secondary Sections of the Boys Campus, bringing enthusiasm and friendly competition to school life. Students are actively participating in various games and enjoying opportunities to demonstrate their abilities.

Beyond the excitement of the games, these activities help students develop teamwork, discipline and sportsmanship. They learn to cooperate with one another, respect their opponents and understand that participation and fair play are just as important as winning.

ANNUAL FUNCTION 2026: CALLING OUR SECONDARY STUDENTS

Preparations for the upcoming Annual Function are underway, and Secondary Section students are invited to participate. Students interested in showcasing their talents and becoming part of the celebrations are encouraged to come forward.

Interested students may contact Mr. Fareeha or submit their names to their respective Section Heads. Early registration will help the school organise participation and plan the programme effectively.

WINTER UNIFORM: STAYING WARM AND FOLLOWING SCHOOL STANDARDS

The prescribed winter uniform is mandatory for all students. Parents are requested to ensure that their children come to school wearing the complete winter uniform and consistently follow school's dress code.

Maintaining the uniform reflects discipline, neatness and a sense of belonging. Students are expected to follow the winter uniform requirements throughout the season.

SAP FOCUS: DEVELOPING STRONG COMMUNICATION SKILLS

Interpersonal and communication skills are an important part of the Student Assessment Policy (SAP). Students are encouraged to express themselves clearly, listen attentively, communicate respectfully and interact positively with their classmates and teachers.

These skills play an important role in both academic and personal development. Whether participating in classroom discussions, working in groups or expressing a different opinion, students should learn to communicate with confidence and consideration.

Developing effective communication habits also prepares students for situations beyond school. Respectful conversations, active listening and the ability to work with others are valuable skills for their future.

FINAL PTM 2026: A PARTNERSHIP FOR STUDENT PROGRESS

The final Parent-Teacher Meeting for Classes I to X was held on 7 November 2026. The meeting provided an opportunity for parents and teachers to review students' academic performance, attendance, classroom participation and overall development.

Such meetings help strengthen the connection between home and school. Parents were able to discuss their children's progress, identify areas requiring attention and receive guidance on how to support learning beyond the classroom.

We appreciate the participation and cooperation of parents and teachers. Their continued involvement plays an important role in creating a supportive environment for every student.

TIMELY FEE SUBMISSION: UNDERSTANDING THE SCHOOL SOP

Parents are requested to ensure that school fees are submitted within the prescribed deadlines and in accordance with the school's fee policy and standard operating procedures (SOPs). Timely payments help maintain the smooth functioning of school operations and avoid unnecessary complications.

Families are encouraged to review the fee instructions carefully, including the payment procedures and applicable deadlines. For any clarification or assistance, parents may contact the school administration through the official communication channels.

STUDENT ID CARDS 2027: UPDATED PICTURES REQUIRED

Preparations for student ID cards for the 2027 academic year are underway. Updated photographs are required to ensure that students' identification records remain accurate and up to date.

Parents and students are requested to cooperate with the school and follow the instructions regarding photograph submission. Timely completion of this process will help the administration prepare the ID cards without delays.

School & College

ACADEMIC REMINDER: PASSING CRITERIA

The minimum passing requirement for students is 40% marks. Students are encouraged to remain consistent in their studies, complete assigned work and prepare regularly for assessments.

Academic progress requires continuous effort throughout the term rather than last-minute preparation. Parents are also encouraged to stay informed about their children's performance and provide support wherever needed.

THE FINAL STRETCH OF THE THIRD TERM

As the school moves towards the end of the third term, students are reminded to maintain regular attendance and ensure that all classwork and assigned tasks are completed. Every lesson and school day contributes to their overall academic progress.

Students should avoid unnecessary absences, stay organised and make the most of the remaining instructional days. Consistent attendance and timely completion of work will help them remain prepared for upcoming academic assessments.

SHINING STARS: CELEBRATING CLASSES VI TO VIII

The Shining Star recognition for Classes VI to VIII highlights students who demonstrate a strong combination of academic performance, positive conduct under the Student Assessment Policy (SAP) and excellent attendance.

To qualify, students must maintain good academic results, satisfactory performance across SAP areas and 100% attendance. This recognition encourages students to understand that achievement is not limited to marks alone but also includes discipline, responsibility and consistency.

We encourage all students to work towards these standards and make the most of every opportunity to improve. Every day of effort contributes to a stronger learning journey.

WINTER HEALTH REMINDER: DRESS FOR THE COLD

With temperatures dropping, parents are advised to ensure that their children wear suitable thermal clothing or inner layers beneath their prescribed winter uniforms to remain comfortable and protected from the cold.

As the gas load-shedding schedule may not always allow for adequate heating, taking additional precautions is particularly important. Parents are requested to make appropriate arrangements according to the weather while ensuring that students continue to follow the school's uniform guidelines.

LANGUAGE MATTERS: ENCOURAGING RESPECTFUL URDU AND ENGLISH

Parents are requested to encourage their children to communicate in proper Urdu and English, both at home and in their daily interactions. The school has observed instances of inappropriate language and unsuitable accents among some students, making it important to reinforce positive communication habits.

Language is an important part of a child's confidence, personality and social development. Students should be guided to use appropriate vocabulary, speak clearly and communicate respectfully rather than adopting expressions that may be unsuitable for a school environment.

The cooperation of parents is essential in developing these habits.

A consistent approach at home and school can help students become more confident, articulate and respectful communicators.

COMING UP: CLASS PARTY CELEBRATIONS

Class parties are among the upcoming school activities, offering students an opportunity to enjoy time with their classmates and celebrate their school experience together. These events will provide a pleasant break from regular academic routines.

Such occasions also help strengthen friendships, encourage positive interaction and create lasting memories. Further details regarding arrangements and schedules will be communicated by the school.
